Building Your Private Practice

Starting, surviving, thriving

with

Noel Giblett

- The personal side of private practice: me and my journey, my support crew and my potential clients
- Short-term and long-term views: assumptions, expectations, timelines and goals; strategies for start-up, survival and growth
- Working on the business: what I'm offering, how I'm offering it and how I'm going to reach my potential clients
- Working in the business: setting up internal processes, turning enquiries into clients, refining your service delivery, follow-up
- Sustaining yourself and your practice, with or without Medicare rebates

Saturday 24th July 2010

9:30am - 12:30pm

Venue: Swanbourne

Address to be advised upon registration
